VC ACADEMY

History Intent

At Endsleigh our History curriculum includes half-termly topics for all children from Year 1 to Year 6.

We aim to offer a high-quality history education that will allow pupils to gain a coherent knowledge and chronological understanding of Britain's past but also of the wider world around them. It should inspire pupils' to be curious about the past and how changes have happened over time. Teaching should equip pupils to ask observant questions, think critically, judge and weigh evidence, examine arguments, and develop perspective and judgement. Our history will help pupils to understand the complexity of people's lives, the process of change, the diversity of societies and relationships between different groups. It will help children gain a sense of their own identity within the world them. It will allow them to develop this within a social, political, cultural and economic background.

During some units the children will explore Art and Design and other cross curricular activities were applicable.
