VC ACADEMY

PHSE Intent

In PSHE, we aim to provide our children with an understanding of society and how to live a healthy and responsible lifestyle. By addressing the social, ethical and cultural topics relevant to contemporary society, children will develop an understanding of how they feel about key issues.

Positivity and independence will be a notable feature of PHSE as it is important that children are encouraged to play an active part in their local community and are aware of their rights and responsibilities.

We also aim to empower children and boost their self-esteem through promoting opportunities to become involved in school life. Discussing diversities will be encouraged in the classroom as children learn to celebrate their differences and what it means to be a part of a diverse society.
